

Heavy Vehicle Hoists

EHB707 Mobile Column Lift for Trucks & Buses

Mobile Column Lift EHB707

- Mobile and universal use.
- Practical and easy manoeuvrability of every column, short set-up time and fast lifting speed.
- Maximum safety utilizing double load securing with automatic hydraulic and mechanic all position locks, fully synchronized control and supervision of all columns.
- Reliable hydraulic drive, self-lubricating, totally insensitive to moisture, dirt and sand, minimum maintenance required.

This series of Finkbeiner mobile column lifts are the more traditional cable style of lift. These hydraulic wheel lifters move away from the old-fashioned screw drive or chain drive mechanisms.

Wireless column lifts also available.

Lasting solution

- ISO 9001 Approved
- AS/ANZ 1418.9 Approved
- TUEV & CE(EN1493) Approved
